TO INSTALL

All Curtron Rack Covers are designed with the same basic features and should be placed on a bakery rack in the same way. It's easy... *just follow these 4 steps.*

STEP 1

Completely unzip both zippers on the front flap. (Pull apart if optional Velcro® is used)

STEP 2

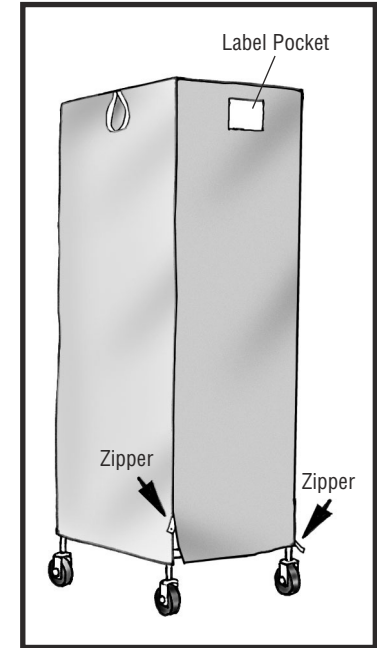

Lift the front flap over the top of the cover.

STEP 3

Gently pull the cover over the bakery rack.

CAUTION: The rack may have sharp edges that could damage the cover.

STEP 4

Flip front flap back to its original position and zip both zippers.

CAUTION

Never pull or tug the cover over sharp edges or corners while installing or removing.

If possible, remove any sharp edges from bakery rack.

To remove covers simply reverse these steps.

CLEANING

For **PROTECTO / ECONOMY / BREATHABLE MESH COVERS**
Use warm water and mild soap or use spray vinyl cleaner.

For **INSUL COVERS** - Dry clean
