Specifications	Product Information
-----------------------	----------------------------

Drain

- 1/2" welded tailpiece. Clear vinyl drain line is connected to the tailpiece at the factory. A 1/2" by 1/2" barbed plastic elbow is provided to make the connection at the bottom of the unit.

Legs

- 1-5/8" diameter, 16 gauge stainless steel
- Stainless steel bullet feet

Materials

- 20 gauge stainless steel parts include: all components unless otherwise noted
- 18 gauge stainless steel parts include: leg pads

Drainboard Glassracks have a stationary or roll-out bottom shelf, adjustable or roll-out intermediate shelf, and drainboard work surface. All models are 24" deep. The 24" wide models hold 20" by 20" racks and the 18" wide model holds the 16" round racks used with the Glastender GT-18 glasswashers. Since drainboard glassrack shelves are solid, they can be used for non-glassrack storage also.

If a 19" deep drainboard glassrack is required, please see the 19" deep drainboard cabinets less doors on page 3.16. Also, see page 1.11 for special glass rack holders for GT-18 glasswashers.
