DELIVERY BAG HEAT PADS

ITEMS

Item	Description
VAC1212	Heat Pad (not for use with power pack)

FEATURES

- Includes a 120V AC power cord (item VDBACC)

Note: Heat pad is NOT for use with the power pack. For the heat pad for use with the power pack, see Vollrath.com

ACCESSORIES

- VDBCC.** 12V power cord for in-car use.

WARRANTY

Heat pad and power cords have a 90-day warranty against manufacturer defects. See Vollrath.com for full warranty details.

DESCRIPTION

The Delivery Bag Heat Pads preheat the delivery bag to better maintain food quality and extend the delivery range. They are ideal for pizzerias and food delivery services that want to deliver dine-in quality to the customer's door step.

Designed to work with Vollrath delivery bags, the heat pad slips into a pocket inside the Vollrath delivery bags and the cord exits through a grommet in the bag. To preheat the bag, simply connect the heat pad to the included 120V AC power cord.

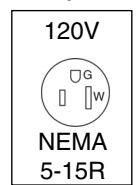

The heat pad can also be purchased separately from the bag to add the benefit of pre-heating to delivery bags you already own.

The optional (order separately) 12V power cord can be used to power the heat pad in a vehicle.

SPECIFICATIONS

Item No.	Description	Dimensions IN (CM)		Voltage	Amps	Hz	Plug/Receptacle
