

THE TIME & TEMPERATURE COMPANY®

Model: DTC450

Digital Candy Thermometer

14 to 450°F/-10 to 232°C

With seven preprogrammed candy stages and one all-purpose temperature setting, CDN's Digital Candy Thermometer provides easy control over candy and other high temperatures. The thermometer features dual progress display, and sounds alert warnings before, during, and at key temperatures in the candy range.

Features

- Seven preprogrammed candy stages and one all-purpose temperature setting
- Dual progress display shows 2 temperatures – the set temperature and the current temperature.
- Thermometer sounds alert warnings 3°F before the low temperature, during the range, and at the high end of the range. During the two deep fry settings, the alert only sounds at the set temperature.
- Adjustable stainless steel clip to attach thermometer to pan
- Heat shield for high temperature use
- Protective sheath with temperature guide
- Auto shut-off after 1 hour
