TEMPERATURE RANGE

OFF - 425°F, 218°C upper & lower platens

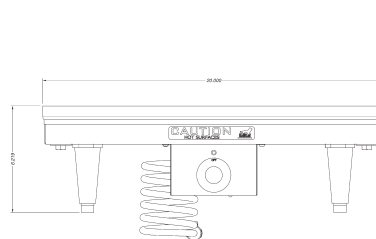

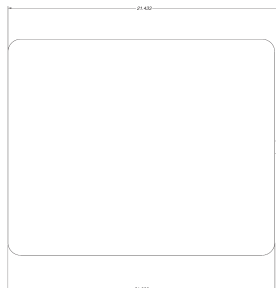

What better way to entice the appetite then with the sight and smell of fresh hot tortillas. The TXW-1620 or TXW-2025 Tortilla warmer combined with our tortilla press from doughXpress™ produces a great, fresh tortilla taste that keeps the customers coming back for more! Our tortilla warmers provide even heating on the standard 16" x 20" or large 20" x 25" surface. Our heating rods are similar to those found in industrial ovens so they heat quickly, work efficiently and last longer.

FEATURES INCLUDE:

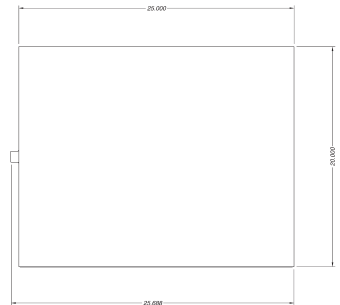

- On/Off indication light.
- Temperature control dial.
- Single calrod for even heating; no cold spots.
- Temperature dial settings range from 200°-410°F.
- Adjustable legs for leveling.
- Optional Xylan® coating.
- Made in U.S.A.
- Add a tortillaXpress tortilla press complete package.
- Not to be used for grease producing food items.
